Summer reading is an extremely important component of your child’s transition from one grade to the next and is a way to help avoid the “summer slip.” We encourage you to have your child read as much as possible over the summer. Below you will find a list of suggested books. We do not expect you to purchase these books, and are not requiring that these specific books be read.

Each student entering the 3rd grade must have read at least two (2) books during the summer. At the bottom of this page, please list at least two favorite titles and authors of books read. Remember, the books chosen do not have to come from this list. The books listed are just suggested reading. Your child will complete a beginning-of-the-school year book project with one of these books when she begins third grade. Please return the completed sheet when school begins.
