## **V. Comments from the Library Board**

The Lafayette Public Library Foundation is gearing up for the annual event slated for April 20, 2023 at Vermilionville themed "Somewhere Over the Rainbow". This event serves many purposes: the annual meeting of membership, to honor outstanding supporters of the library and to perhaps bring a bit of awareness to the library, what offerings the library brings and the need to continue those services to the parish. The library is one of those unsung heroes and once a year the LPLF likes to shout out to this award-winning library system that serves everyone with free and equal access to all media 24/7 at nine branches and online services, promoting literacy throughout Acadiana. For more information about the event, please visit [info@lplfoundation.org](mailto:info@lplfoundation.org).

Friends of the Lafayette Public Library held their annual book sale March 15 – March 18.

## **VI. Director's Report and Comments**

The library is no longer considering the property next to Infinity College for the Northeast Library. There is another proposal and the library is discussing options with the Holy Rosary Group.

Opt-in restricted children's cards will be available in April.

East Regional Library patrons are keeping active with solid numbers showing up for Beginner Line Dancing, Fencing, and Zumba classes.

West Regional held Painting with a Purpose which had 17 attendees. The theme of this program was connected to the LRT book, Closer to Nowhere, in which one of the main characters exhibits resilience after a series of family tragedies. After a brief introduction to the mission and purpose of Faith House, each child painted a dandelion, which represents hope and new life. The representative from Faith House picked up the completed paintings, which will be used to decorate the Faith House facility or given to survivors.

South Regional's Homesteading in Acadiana series continues to be popular with 90 patrons attending 2 different programs last month.

46 teens enjoyed a Destress Doggo Day at the Main Library where they had a chance to cuddle and relax with dogs from Acadiana Animal Aid.

Snack Attack continues to be a big draw for Teens at North Regional with 13 teens showing up to make snacks and hang out.

The Outreach Services Department has been busy adding new and old stops back to the Bookmobile schedule, as well as 2 new Bibliobike stops. The Foundation generously donated funds to purchase a companion bike for the department back in January so it's easier for a second staff member to accompany the Bibliobike to events.

The library is in full planning mode for the 2023 Summer Reading Program. The theme this year is "Reading Brings Us Together" and the library is working on a new reading challenge for the community. Due to the ongoing roof replacement project, the kickoff will be held at South Regional on Saturday, June 3rd.

## **VIII. Facilities Update & Financial Report**

Main Library Roof Replacement project is progressing quickly with limited issues. The contractor, architect, Public Works, and Library Operations Manager meet weekly to discuss any issues and plans going forward.

Demolition of the upper roof and application of base sheet complete. Contractor will begin installing new roofing system on the upper roof. This phase should help reduce the stored material in the parking lot and increase parking and traffic flow in the near future.

First partial payment in the amount of \$269,646.95 was signed and sent for processing accounting for stored materials and work completed.

No change orders issued to date but rain/wind days will likely be accounted for at a later date. Original contract amount remains at \$612,900.

Combined Schematic Design/Design Development documents for the South Regional Upgrades project were received from the architect. Project estimates have increased again due to current markets. Project is still within budget.

Plans and specifications have been reviewed by Library Operations Manager with comments/edits drafted. The Library Maintenance Supervisor is currently reviewing for any additional comments/edits. Comments/edits will be recommended to the architect and Public Works. After any recommended changes are addressed, the Schematic Design/Design Development will be presented to the Library Board of Control for approval to move on to the Construction Documents phase of the project.

A project architect has been assigned to the North Regional Library Upgrades project by the architect firm. Library staff will meet with the architect team next week or the following week.

Design Development Phase typically takes up to 60 days. Documents will then be sent to the Library and Public Works staff for review. This will then be presented to the Board of Control to approve moving on to the Construction Document Phase.

Construction Documents are then reviewed by Library staff and Public Works. After review and editing, they will be presented to the Board of Control for review and approval and confirmation of budget.

If approved, the Construction Documents are sent to Purchasing and then will be sent out for bid.

The problematic flat roof area of the North Regional Library leaked in mid-February. Repairs were made and will be monitored. The entire roof will be replaced as part of the North Regional Library Upgrade project and the flat area will be redesigned and incorporated into the sloped roof system.
