Assumes millage rates decrease to 2.91 & 1.84 for a total of 4.75mills in year 2024 through 2033.

Additional future revenues are possible if the 2.91 millage is increased to the adjusted maximum of 3.12 prior to reassessment year of 2024. If not needed it can be levied back down after the reassessment year. This would ensure future flexibility of this millage.

Assumes 2% Increase in Health Insurance 2025, 2027, 2029, 2031, 2033

Assumes 2% Raise 2026, 2028, 2030, 2032

5% raise 12/15/2019 FY2020, 2% raises 11/15/2020 FY2021, 2% raise 6/12/22 FY2022.

Estimated expenses of operating a NE Branch are \$1,000,000 (\$550,000 Personnel and \$450,000 O&M) and are input in year 2027

Proforma calculations generated by Library staff and are not an official LCG Finance Department approved document.
